DETAILED ACTION

Drawings

The drawing changes to Fig. 7 were received on October 1, 2004. These drawing changes are approved. The prior objection to the drawings is hereby withdrawn.

Allowable Subject Matter

Claims 2-5 and 7-30 are allowed.

The following is an examiner's statement of reasons for allowance:

As discussed in the Office action sent on September 15, 2005:

Regarding claims 12-30, the prior art of record fails to disclose or render obvious all of the limitations of the claimed invention, as enabled by the specification, and specifically including the claimed steps of collecting, coalescing, and disseminating rule parameters using the concast tree and tree node system as claimed.

Regarding claims 4 and 9, the prior art of record fails to disclose or render obvious all of the limitations of the claimed invention, as enabled by the specification, and specifically including a system or method wherein the tree nodes each execute a filter to remove the validation rule parameters in the manner claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
